HISTORIC DISTRICT

ILLUSTRATED MAP

Savannah is the largest registered urban Historic Landmark District in the United States. It encompasses over 1,600 restored structures all within 2.2 square miles. Not only was she the state of Georgia's first city and capital, but America's first planned city utilizing the grid system and public squares. Once the Venice of the South during the late 1880s, she is now touted as *The Most Beautiful City in North America*. Savannah was also named America's Most Haunted City because of her history of pirates, plagues, fires, military battles, and voodoo magic. If you love history, you'll love this magical city of Savannah.
